### COMMENTS:

- The maximum landscaping that traffic flow will allow.

**COMMENTS: Do you have any other comments on the two gateway areas? (8<sup>th</sup> Street and 20<sup>th</sup> Street)**

- MSUM wants 9<sup>th</sup> Avenue direct access to 20<sup>th</sup> Street. Will 20<sup>th</sup> Street be able to accommodate more traffic to and from I94 for both east and west traffic at I94? MSUM wants both.

**COMMENTS: Do you have any additional concerns about any of the concepts or area? If so, what are they?**

- How to pay for the improvements.
